Great Crops in The South.

Announcement that the Texas and Pacific is preparing to handle the heaviest business in its history was made Saturday by Neal M. Leach, traffic manager, on his return from a trip of inspection through Southern and Central Louisiana and North and East Texas with E. F. Kearney, the first vice-president. Mr. Leach stated that the grain movement has already begun, wheat coming into Westwego in train lots, something very unusual at this time of the year. The trip through Louisiana was from New Orleans to Alexandria and Ferriday, and over the branch lines south of Alexandria and Ferriday.

Speaking of crop conditions, Mr. Leach said: "A trip through the agricultural parts of Louisiana at the present time would convert the most confirmed pessimist into an optimist. The country is fairly groaning with splendid crops. Cotton along the line of the Texas and Pacific and O. G. and N. E. could hardly look better, and there is little or no trouble from the boll weevil. Cane, while about two weeks late, apparently is in excellent condition. This year's corn crop in Louisiana is something marvelous. There is a good stand everywhere. Corn is well cultivated and the ears are filled. Louisiana is going to make a record this year as a corn-growing State. Everywhere along the line in Louisiana, there is nothing but evidences of prosperity."

"The opinion in Texas now is that the cotton crop will be at least 5,500,000 bales for that State alone. All other crops are in splendid condition. The banks are full of money; the farmers are all well fixed, and on every side in Texas you find evidences of prosperity."

"Regardless of what the legislators do up at Washington, the bumper crops in the Southwest can spell nothing but good times for the people fortunate enough to live in that part of the world. The Texas and Pacific Railway is preparing for the heaviest business in its history. Our export grain movement but has already started, and is coming into Westwego in train lots, although we brought a heavy traffic into the port of New Orleans last year. "I have just returned from a trip with First Vice-President Kearney through Southern Louisiana. We have gone over the line from Alexandria to New Orleans and to Ferriday, and over all of the branch lines south of Alexandria and Ferriday. Prior to this we spent about ten days in Texas and found nothing but indications of good times and splendid crops everywhere."—N. O. Times Democrat.

Stearns & Foster Mattresses are made of Clean, Sanitary Cotton; felted into hundreds of little webs forming many Springy, Buoyant layers standing nearly three feet high. These layers are then LAID BY HAND and compressed to ONE-SIXTH their original height and encased in the ticking; then tufted to just the proper tension so as to be Soft, yet Firm, half yielding to your figure, but supporting it in perfect relaxation.

You will say—

"I never Knew a Mattress could be so Comfortable."

That's just what satisfied users of Stearns & Foster Mattresses are saying. You owe it to yourself to get one and enjoy rest that is Refreshing—Comfortable—Healthful.

PRICE \$1.00 PER YEAR IN ADVANCE

AUGUST 5, 1913

Nearly every year at crop moving time, especially if the crops are large, there is a strong feeling among the farmers, amounting almost to the making of a prophecy. It is said that a few of the great banks accumulated money in order to secure the farmers at the opportune moment. But they would be able to do so this year, for the country has a Secretary of the Treasury who does things. He has accordingly announced that he will deposit from \$25,000,000 to \$50,000,000 in the banks of the West and South for the purpose of facilitating the movement of the crops. For this money collateral or Government bonds, state and municipal bonds and prime short-term commercial paper will be accepted. The banks are to pay 2 per cent. interest. Local banks can now get money direct from the United States Treasury and not dependent on the New York banks. Formerly, when the money was needed, the New York banks would loan it to the local banks at a high rate of interest. Now, the money is loaned directly to the local banks at a low rate of interest. The farmers are to be benefited. The country is to be benefited. The Secretary of the Treasury is to be commended and the country congratulated that he is in charge of the Treasury.

For years the Express Companies successfully fought the adoption of a parcel post law, because it had the sinews of war and power in the United States Senate, but the popular demand finally won. It was John W. Mackay who said that there were just four reasons why the parcel post hung on so long—the Adams, the Southern, Western Express and the Overland. The law has now into the revenues of the Express Companies very heavily and now comes the Interstate Commerce Commission, with an order reducing their rates approximately 10 per cent., or a total of \$25,000,000 a year. Little pity, however, will be felt for the extortionate concerns. For many years they fattened off the people's necessities, but their day is done. Your Uncle Samuel now transports articles up to eleven pounds at a fraction of former express charges. Truly it is an ill wind that blows nobody good.

The President has very naturally ac-

The Democratic Ticket

The Democratic ticket nominated by the people at Saturday's primary is a strong one and a sure winner. It would have been hard to have nominated a stronger one. Had the climax had its choice there might have been a chance or two, but it had only a voice in the important matter and instead of kicking in the personnel of the ticket, it feels to congratulate the party on its excellent work. The primary is the only satisfactory method of naming candidates, for then every voter, however humble, has a voice in selecting those who shall be the standard bearers, and having taken part in selecting the candidates, he feels an interest in them and wants to see them elected. It is willing to work to that end. We congratulate the gentlemen who have won places on the strong ticket, for in defeating the high-class men they did, they have proven not only their popularity as citizens, but the estimate put upon them by the Democrats of Madison county on their fitness for the offices they will fill. We also felicitate the candidates, the vanquished and the victors, on their splendid deportment through the hottest campaign Madison has had in years. The best of humor was displayed throughout and if there are "sore spots" on any of those who "also ran," we haven't heard about it. We reiterate that a splendid ticket has been named and that it will sweep everything before it in the November election. The Republicans and Progressives tried to bolster up courage by naming parts of tickets, but these parties will not make it even interesting to the gentlemen whose names will appear on the ticket the evening of which is the game of fame.

Rufus Baldwin Killed By Lightning.

Rufus Baldwin, the 14-year-old son of Charles Baldwin, of the Baldwin family, was struck by lightning and killed by his father's tobacco patch. He was missed about 6 o'clock, but the family thinking he had gone to a neighbor's, did not worry about him until 8 or 9 o'clock, when a search was begun. It was 11 o'clock or later when the body was found and some 25 men and boys had gathered in the yard. There was a slight contusion on his head, but otherwise the body showed no signs of the shock that ended the young life. His parents are almost overwhelmed with grief over the fearful loss that has been dealt them, and great sympathy from all in that section goes to them. The burial occurred in the Perkins burying ground at 5 o'clock Sunday afternoon.

Let's Get Down to Business.

Now that the primary is over, let us get down to business and see if we cannot make up for some of the time we have lost talking politics. Life is too short to devote too much of it to unimportant matters as to who will win the race or that, or how John Smith or Sam Jones stands on such and such a proposition. We know men in this good town who have talked politics day in and day out for the past three or four months. They have seemingly forgotten business, forgotten family, forgotten everything but politics; and they were not candidates, either. They just get interested in the game and grew more and more so as the primary approached. It is all over now and it is to be hoped that they will go to work. They have bored many busy men, imparting to them their imaginary political wisdom. Let them give the public a much needed rest and from now on do more work with their hands and less with their tongues. Both the community and the men themselves will profit by the change.

Death of Mr. J. K. Gentry.

At about one o'clock this morning the long life of Mr. Joe Kansas Gentry came to a close. He was 81 years of age and had been feeble from the infirmities of age for several years. Last evening he performed his usual work, such as bringing in coal, feeding horse, etc. Just before he breathed his last his wife noticed his hard breathing and aroused the rest of the family, but before anything could be done he expired. A wife and seven children survive him, four daughters, Mrs. O. P. Jackson, Mrs. Haywood Jones and Miss Sallie Gentry, all of this city, and Mrs. Charles Dudley, of Paris, and three sons, Messrs. Martin and Albert Gentry, of this city, and Joe Gentry, of Canton, Ohio. Mr. Gentry was highly thought of and had always been a good citizen. He was an old Confederate soldier, having served under Gen. John H. Morgan. The funeral will take place at the residence on Hallie-Irvine street tomorrow afternoon at 3 o'clock, followed by burial in Richmond Cemetery.

ECZEMA FOR 20 YEARS.

Cured by Our Reliable Skin Remedy, Sazo Salve.

If it will benefit others who suffer from eczema, my publisher my letter, as I believe Sazo Salve will do just what you claim it will.—A. Fritchett, Shelbyville, Ill.

It is astonishing, even to us, to see how Sazo Salve, our new remedy for skin affections, allays the itching, softens, soothes and heals the skin in all sorts of eruptive disorders, such as eczema, barber's itch, ringworm, tetter, etc.

It is guaranteed to help you—We cheerfully give back your money if it does not.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Better Than Spanking

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. 2450, Chicago, Illinois, have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of The Climax. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House, write to them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

ARE HERE

Are you ready to enjoy them, or will you Swelter and Suffer? When you get home from a hard day's grind at the store, office or factory, you don't feel like working a palm leaf fan to keep cool, neither do you want to swelter. Then how many nights have you gone to bed but NOT to sleep, so hot you couldn't sleep. An electric fan at about one cent per hour going at slow speed will keep you cool before going to sleep and then make sleep possible. If comfort and sound sleep are worth anything to you, they surely are worth the price of the small amount of electric current that an electric fan will use. Of course an electric fan won't work in a house that isn't wired, so call on us or anybody who does wiring and get ready to REALLY ENJOY the hot days and nights that are here. Investigate our prices on fans. The manufacturers' stock is getting low, so get busy
